## Professional Profile

I am Ndanyuzwe Cyiza Alexandre, a dedicated student at the University of Rwanda pursuing a degree in Electronics and Telecommunication Engineering. With a robust foundation in both theory and practical experience, I have excelled as field technician in optical fiber communication. My skill set extends to various computer programming technologies and simulating software. I am deeply passionate about advancing the field of electronics and telecommunications by seamlessly integrating it with the cutting-edge computer programming technologies.

## Core skills

- Optical networks
- Software Development
- Computer skills

## Education

- **2019-2024** **University of Rwanda**  
BSc in Electronics and Telecommunication Engineering
- **2016-2018** **College Saint Andre**  
High school diploma with a deep focus in Mathematics, Physics and Chemistry.

## Work Experience

- **Jan 2022 – June 2022** **Sotracom Ltd Rwanda**

I actively participated in Sotracom Ltd Rwanda as an intern in Optical Fiber communication, through this journey I gained practical skills in optical network planning cable deployments, troubleshooting and maintenance

- **Jan 2023 – June 2023** **Horus Power and Telecom Solutions Rwanda**
  - ❖ Field technician in fiber optics communications

- **Skills:** optical network planning, deployments, troubleshooting and maintenance.

- **June 2023 - Aug 2023**

## **Andela Rwanda**

- ❖ Andela kick-start program

- **Skills:** JavaScript programming language

## **Hobbies & Interests**

- Singing and playing Musical instruments
- Humoring
- Football and Acrobatics

## **Reference**

- **Jacques NKURUNZIZA**

Horus power & Telecom solutions Rwanda, Technical manager
